PROFESSIONAL EXPERIENCE

Senior Frontend Developer — **Pede.ai** · Remote **Nov 2025 – Present**

Delivery marketplace focused on small and mid-size cities across Brazil.

- Lead the ground-up rebuild of the company's three consumer apps — [Pede.ai](#), [Aiboo Delivery](#) and [QFome \(Google Play\)](#) — 1.5M+ Google Play installs (Pede.ai 1M+, Aiboo 500K+), 4.7–5.0/5 store ratings and ~300K daily sessions across iOS and Android; own store releases.
- Cut Android ANR rates by ~90% across all three apps (Pede.ai 4.2% → 0.44%; Aiboo 4.6% → 0.46%; QFome 6.72% → 0.59%) through architectural refactoring, modularization and render-performance work.
- Redesigned the UI end to end; introduced design patterns, feature-based modules and Reanimated animations, replacing legacy state handling with React Query, Zustand and Zod.
- Shipped v6.0, the apps' largest release to date: new home and search, personalized recommendations, in-flow address/card checkout, Pix QR code and Apple Pay, Live Activities order tracking and in-app chat.

Stack: React Native, TypeScript, Reanimated, React Query, Zustand, Zod

Full-Stack Engineer — **MB Labs** · Remote **Aug 2024 – Mar 2026**

Squad-allocation company; allocated to Bankeiro, a white-label core-banking platform used by 90+ fintechs. Overlapped with Pede.ai from Nov 2025.

- Built and shipped web and mobile features for two Bankeiro-based fintechs — Banco BMS ([Meu BMS](#) app) and [Kesh Bank](#) — across React, React Native and Node.js codebases.
- Partnered with product managers and client stakeholders to scope new functionality and drive technical decisions on the roadmap.
- Developed PostgreSQL-backed Node.js services and design-system UIs with Material UI, Ant Design and Styled Components.

Stack: React, Node.js, React Native, TypeScript, PostgreSQL, Redux, Styled Components, Material UI, Ant Design

Full-Stack Engineer — **Mesha Technology** · Remote **Jan 2023 – Aug 2024**

Tech team-allocation company building digital products for clients.

- Led a 6-engineer squad (2 frontend, 3 backend, 1 full-stack) — planning, code review and technical decisions — across Mesha's internal products and two client projects for SENAI Alagoas (Hub Digital and Soluções Digitais), delivered in an Azure DevOps pipeline.
- Rebuilt [Bluedental](#) — a clinic-management SaaS for dentists — from the ground up with Next.js, NestJS and React Native (Expo), delivering the web platform and the iOS/Android apps.

Stack: Next.js, NestJS, React Native, Expo, TypeScript, PostgreSQL, Azure DevOps, Styled Components, Ionic

Front-end Engineer — **Foursales Company** · Remote **Jan 2022 – Jan 2023**

Recruitment & selection company specialized in sales and marketing roles.

- Built new features and UX improvements for the recruitment platform in React, Redux Saga and Sass, alongside product stakeholders.

Stack: React, Redux Saga, Sass

Software Developer — **Otimize IT** · Petrolina, Brazil **Aug 2020 – Dec 2021**

Technology company for small businesses. Promoted from Internal Software Developer in Jan 2021.

- Managed a team of 4 web developers (agile), delivering WordPress/PHP and JavaScript e-commerce stores, websites and apps for clients.

Stack: WordPress, PHP, JavaScript, jQuery, CSS

Earlier experience: IT Support Technician at a law office in Petrolina (2016 – 2020), while pursuing a B.Sc. in Computer Science.
